Warranties

15 Year Carpet Wear Warranty
Lifetime Anti-shock Carpet Warranty

Ideal for Heavy Commercial Use.

The subfloor should be dry, smooth, flat, dust-free and resistant to compression and load-bearing. The seams may remain visible to the eye and this should be accepted as an inherent characteristic of carpet tiles. Due to dye lot variations, actual colour may vary slightly from the samples. Chair pads are recommended to prevent premature wear of carpet.

Environment

The design and production of Top Calibre Tile conforms to the ISO 14001:2004 Environmental Management System and complies with environmental regulations.

As a responsible manufacturer and to minimize our carbon footprint, a majority of our excess production materials are recycled in-house resulting in a minimum of 10% recycled content in our tile backing. Top Calibre Tile does not contain any PVC in its manufactured materials and packaging.

Top Calibre Tile is an environmentally friendly “green” carpet.
